FIRST SUPPLEMENTAL ORDER

By Decision No. 62264, dated July 18, 1961, the Commission, among other things, authorized Spear Enterprises, Inc., to issue not to exceed \$39,000 par value of common stock.

The corporation's shares of common stock have a par value of \$10 each but, through inadvertence, the opinion in the decision referred to the issue of 390 shares of common stock of the total par value of \$39,000, instead of 3,900 shares.

An appropriate correction should be made, therefore,

IT IS ORDERED that the last sentence in the first paragraph of page 2 of the opinion in Decision No. 62264, dated July 18, 1961, hereby is corrected by changing the figure 390 to 3,900.

This order is effective upon the date hereof.
