Application No. 44022  
(Filed December 18, 1961)

OPINION AND ORDER

Dart Transportation Service holds radial highway common carrier, highway contract carrier and city carrier permits. By Decision No. 61276 dated December 28, 1960, as amended by Decision No. 61747 dated March 28, 1961, in Application No. 42847, it was authorized under Section 3666 of the Public Utilities Code to charge less than the minimum rates otherwise applicable for the transportation of property for Sears, Roebuck and Co. The transportation applies from shipper's consolidation station at 1337 South Eastman Avenue, Los Angeles, to its retail stores and retail store warehouses located in various specified cities throughout the State of California. This authority is scheduled to expire January 1, 1962.

By this application, extension of the current authority is sought for a further one-year period. However, applicant proposes to modify the currently authorized scale of rates.<sup>1</sup>

---

<sup>1</sup> Applicant proposes to assess rates higher than those now authorized. However, no authority for the increase is required, inasmuch as applicant performs the transportation as a highway permit carrier for which only minimum rates have been established. Authority to continue the use of the sought rates beyond January 1, 1962, is required, however, inasmuch as these rates are below the minimum rates otherwise applicable.

Applicant alleges that, except for increased costs, the conditions surrounding the transportation in question which justified deviation from the minimum rates still exist; and that the proposed increases in rates are being made in recognition of increased costs experienced by applicant.

Applicant asserts that the operations involved are entirely satisfactory to itself and the shipper; that it is desirous of retaining this business which represents a substantial portion of its entire revenue; and that it believes the proposed rates are reasonable.

The application shows that, on or about December 15, 1961, a copy thereof was served on various interested parties including California Trucking Associations, Inc. No objection to its being granted has been received.

In the circumstances, it appears, and the Commission finds, that the proposed rates are reasonable. A public hearing is not necessary. The application will be granted.

Good cause appearing,

IT IS ORDERED that:

(1) Dart Transportation Service, a corporation, is authorized to transport property for Sears, Roebuck and Co., from 1337 South Eastman Avenue, Los Angeles, to retail stores and retail store warehouses of Sears, Roebuck and Co. at rates and charges no lower in volume or effect than the rates and charges set forth in and subject to the limitations and conditions shown in Appendix A which is attached hereto and by this reference made a part hereof.

A. 44022 - 1s

(2) The authority herein granted shall, on and after January 1, 1962, supersede the authority granted by Decision No. 61276 as amended by Decision No. 61747 and shall expire with January 1, 1963.

The effective date of this order shall be January 1, 1962.

Dated at San Francisco, California, this 27th day of December, 1961.
