ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of SAME DAY DELIVERY SERVICE, a corporation, for authority to extend its certificate of public convenience and necessity for the transportation of general commodities with exceptions, as a highway common carrier throughout the Los Angeles Basin Territory, under the provisions of Section 1063-64 of the California Public Utilities Code.

Application No. 42134

SUPPLEMENTAL OPINION AND ORDER

By the decision hereinafter identified, Same Day Delivery Service was granted a certificate of public convenience and necessity authorizing operations as a highway common carrier of general commodities and certain special commodities. The following commodity exclusion is included in the certificate:

> "Commodities requiring the use of special refrigeration or temperature control in specially designed and constructed refrigerator equipment."

Under Decision No. 61177, dated December 13, 1960, in Case No. 5432, temperature control charges were established on

> "Commodities requiring protection from heat by the use of ice (either water or solidified carbon dioxide) or by mechanical refrigeration."

By letter dated June 27, 1961, the carrier informed the Commission that it would have no objection to the revision of its certificate to make the commodity exclusion consistent with the application of the temperature control charges. The certificate will be amended accordingly. A public hearing is not necessary.
