Pacific Gas and Electric Company, in this proceeding, requests a certificate of public convenience and necessity to exercise the rights and privileges of a franchise granted by the City of Wheatland, California, permitting the installation, maintenance, and use of a gas distribution and transmission system in the streets of said city.

The franchise referred to, a copy of which is attached to the application and designated as Exhibit A, was granted by the city in accordance with the Franchise Act of 1937 and is of indeterminate duration. A fee is payable annually to the city equivalent to 2 percent of the gross receipts arising from the use, operation, or possession of the franchise, but not less than 1 percent of the gross annual receipts from sales of gas within the limits of the city under said franchise.

The costs incurred by applicant in obtaining the franchise are stated to have been \$21.60, which amount does not include costs incident to this application.

Applicant has served gas in and about the City of Wheatland without competition for many years. As of December 1960, it served 303 customers within the city from approximately 5.01 miles of gas mains therein. No objection to the granting of the requested certificate has been received. A public hearing is not necessary.

After consideration it is hereby found as a fact that public convenience and necessity require the exercise by applicant of the right, privilege and franchise granted to applicant by Ordinance No. 170 of the City of Wheatland.

The certificate of public convenience and necessity herein granted is subject to the following provisions of law:
