Application No. 44166
Filed February 6, 1962

O R D E R

Dominguez Water Corporation having applied to the Public Utilities Commission of the State of California for authorization to sell certain real property which at one time contained a storage tank, the Commission staff having made an investigation, and it appearing that the storage tank has been replaced by facilities of larger capacity elsewhere, and that the parcel of land which applicant desires to sell is no longer used, useful or necessary in the company's operations, the Commission hereby finds and concludes that the proposed sale will not be adverse to the public interest and that an order should be entered granting the application.

A public hearing is not necessary, therefore,

IT IS HEREBY ORDERED that -

2. The authorization herein granted shall not be construed to be a finding of the value of the property herein authorized to be sold.

3. This order is effective upon the date hereof.
