Decision No. 63612

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of)	
Charles G. Rosenbrock for exemption)	Application No. 44292
from the provision of General Order)	(Filed March 26, 1962)
No. 84C regarding C.O.D. Bond.)	

OPINION AND ORDER

Applicant holds highway contract carrier and city carrier permits. By this application, he seeks exemption from the provisions of General Order No. 84C, under which carriers may not handle C.O.D. shipments until a bond of not less than \$2,000 is provided and filed with the Commission. The sought exemption would apply only in connection with shipments transported for the shippers hereinafter designated. The application is accompanied by letters from the shippers stating that the bonding of applicant is not necessary in connection with their C.O.D. consignments.

Since the protection of the bonding provisions has been voluntarily waived by the shippers involved in this application, the Commission finds that the sought exemption is justified. A public hearing is not necessary.

Attention is called to the fact that the exemption herein granted extends only to shipments transported for the specified shippers. Should applicant desire to handle C.O.D. shipments for anyone else, all outstanding requirements must be met.

Because the conditions under which the C.O.D. service in question is performed may change, the exemption will be limited to a one-year period.
