Application No. 44418
 (Filed May 7, 1962)

OPINION AND ORDER

By Decision No. 62139 dated June 13, 1961, in Application No. 43366, applicant was authorized to assess a rate of 14 cents per 100 pounds, minimum 1,000 tons per year, for unloading or segregating or unloading and segregating pool car shipments of magazines or periodicals in San Francisco for The Curtis Publishing Company. The authorized rate is lower than the established minimum rate for this service. The authority is scheduled to expire June 29, 1962.

By this application authority is sought to continue the less than minimum rate for a further one-year period. Applicant also requests that the authority be modified by adjusting the authorized rate from 14 cents to 15 cents per 100 pounds.¹

Applicant alleges that, except for increased labor costs, the conditions under which the services are now being rendered are similar to the conditions prevailing when the authority was originally granted; and that the increased labor costs experienced will be more than compensated for by the proposed increased rate.

¹No authority for the increase is required, inasmuch as applicant performs the transportation as a city carrier for which only minimum rates have been established. Authority to continue the use of the sought rate beyond June 29, 1962, is required, however, inasmuch as the rate is below the minimum rate otherwise applicable.

A cost study submitted with the application indicates that applicant can perform the services involved at a profit under the proposed rate.

The application shows that a copy thereof was served on California Trucking Associations, Inc., and the Draymen's Association of San Francisco, Inc., on or about May 7, 1962. No objection to its being granted has been received.

In the circumstances it appears, and the Commission finds, that the proposed rate is reasonable and consistent with the public interest. A public hearing is not necessary. The application will be granted.

Good cause appearing,

IT IS ORDERED that:

1. San Francisco Warehouse Co., a corporation, operating as a city carrier, is hereby authorized to perform the services of unloading or segregating, or unloading and segregating, pool car shipments of magazines or periodicals for The Curtis Publishing Company in San Francisco at a rate less than the established minimum rate but not less than 15 cents per 100 pounds, subject, however, to the condition that The Curtis Publishing Company shall tender to applicant for unloading or segregating, or unloading and segregating, a minimum of 1,000 tons of magazines or periodicals per year.

2. Applicant is hereby exempted from the requirements of Paragraph (d) of Item No. 220 series of City Carriers' Tariff No. 1-A in the performance of those services for The Curtis Publishing Company described in Paragraph 1 hereinabove.

3. The authority herein granted shall, on and after June 29, 1962, supersede the authority granted by Decision No. 62139, and shall expire with June 29, 1963.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 4th day of June, 1962.
