Decision No. 64407

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of THE GREYHOUND CORPORATION for authority to reroute service between Colton and Redlands, over relocated U. S. Highway 70-99, San Bernardino County, and for incidental relief.

Application No. 44750

OPINION AND ORDER

The Greyhound Corporation requests authority to operate over relocated U. S. Highway 70-99 between Colton and Redlands.

It is alleged that the new highway is a four-lane, divided, freeway-type highway built to standards of engineering and safety required for the Federal Interstate Highway System and that said relocated highway will have been opened for public use on or before September 9, 1962.

After consideration the Commission finds that public convenience and necessity require the granting of the authority sought. A public hearing is not necessary. Application having been filed and the Commission being informed in the premises,

IT IS ORDERED that:

1. A certificate of public convenience and necessity is hereby granted to The Greyhound Corporation, authorizing the establishment and operation of service as a passenger stage corporation, as that term is defined in Section 226 of the Public Utilities Code, for the transportation of passengers, baggage and express between the points and over the routes set forth in Fourth Revised Page 63, attached hereto, as an extension and enlargement of, consolidation with, and subject to, all the limitations and restrictions set forth in the certificate granted by Decision

No. 55893 and in particular subject to the provisions set forth in Section 3 of Appendix A thereof.

2. Appendix A of Decision No. 55893 is hereby amended by incorporating said Fourth Revised Page 63 in revision of Third Revised Page 63.

3. In providing service pursuant to the certificate granted in ordering paragraph 1 hereof, applicant shall comply with and observe the following service regulations:

- (a) Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted.
- (b) Within one hundred twenty days after the effective date hereof, applicant shall establish the service herein authorized and file in the Commission's office in triplicate tariffs and timetables satisfactory to the Commission.
- (c) The tariff and timetable filings shall be made effective not earlier than thirty days after the effective date of this order on not less than thirty days' notice to the Commission and the public, and the effective date of the tariff and timetable filings shall be concurrent with the establishment of the service herein authorized.
- (d) The tariff and timetable filings made pursuant to this order shall comply with the regulations governing the construction and filing of tariffs and timetables set forth in the Commission's General Orders Nos. 79 and 98.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 16th day of OCTOBER, 1962.
