SUPPLEMENTAL OPINION AND ORDER

By Decision No. 65277, entered today in
 Application No. 44202, the rail lines were authorized to increase
 various carload commodity rates. Certain other common carriers
 publish rates to meet rail competition under the alternative provi-
 sions of outstanding minimum rate orders. In the circumstances
 the other carriers should be authorized and directed to make like
 adjustments in their rail competitive rates.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that common carriers maintaining,
 under outstanding authorizations permitting the alternative use
 of rail rates, rates below the specific minimum rate levels other-
 wise applicable are hereby authorized and directed to increase such
 rates, on not less than ten days' notice to the Commission and to
 the public, to the level of the rail rates established pursuant to

Decision No. 65277 issued today in Application No. 44202, or to the level of the specific minimum rates, whichever is lower, and that such adjustments shall be made effective not later than thirty days after the effectiveness of the increased rail rates.

IT IS HEREBY FURTHER ORDERED that such carriers are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code and Article XII, Section 21, of the Constitution of the State of California, to the extent necessary to make the adjustments authorized herein.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 23rd day of April, 1963.
