Case No. 5435  
(Petition for Modification  
No. 44)  
(Filed March 11, 1963)

SUPPLEMENTAL OPINION AND ORDER

By Decision No. 65448, entered today in Case No.

5432, et al., the Commission found that a reduced exception rating of third class for the transportation of gelatine, noibn, should be established in Minimum Rate Tariffs Nos. 2 and 5. That decision also found that, in order to avoid duplication of tariff distribution, Minimum Rate Tariff No. 5 should be amended by separate order. Accordingly, the order which follows will appropriately amend Minimum Rate Tariff No. 5.

Good cause appearing,

IT IS ORDERED that:

1. Minimum Rate Tariff No. 5 (Appendix "A" of Decision No. 32504, as amended) is hereby further amended by incorporating therein, to become effective July 13, 1963, Seventh Revised Page 4 and Tenth Revised Page 22 attached hereto and by this reference made a part hereof.

2. Tariff publications authorized to be made by common carriers as a result of the order herein may be made effective not earlier than the tenth day after the effective date of this order and may be made effective on not less than ten days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff pages incorporated in this order.

3. Common carriers, in establishing and maintaining the rating authorized hereinabove, are authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the rating published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

4. In all other respects said Decision No. 32504, as amended, shall remain in full force and effect.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 21<sup>st</sup> day of May, 1963.
