

Decision No. 65465

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of AIRPORT COACH SERVICE, a corporation, operating under an existing certificate of public convenience and necessity to modify and extend its certificates of public convenience and necessity as a passenger stage corporation, for an in-lieu certificate.

Application No. 45342  
Filed April 15, 1963

O P I N I O N

By this application, as amended, authority is sought to provide express bus service from the Disneyland Hotel, Anaheim, via the most direct and appropriate route or routes to the San Diego Freeway, thence along the San Diego Freeway and Century Boulevard to the Los Angeles International Airport. The proposed new route will result in a reduction in running time of from 85 minutes to 60 minutes in each direction. Due to this reduction in running time it will be possible to provide more frequent service and increase the number of daily trips from 18 to 23 with the same number of buses. Applicant also requests authority to supplement its present through service with a shuttle service to and from Disneyland Hotel. Presently authorized routes would be used. All presently authorized points will continue to be served and no change in fares is proposed.

The Commission finds that public convenience and necessity require the proposed service. The application will be granted. A public hearing is not necessary.
