INTERIM OPINION

By Interim Decision No. 64486 dated November 2, 1962, applicant was authorized a system-wide temporary increase in rates for water service. By the terms of said order, the temporary increase in rates will expire June 30, 1963.

Further hearing as to whether or not the increased rates should be allowed to continue in effect, were held in Los Angeles before Examiner Patterson on April 16 and May 27, 1963.

It appearing that the Commission's decision for final disposition of this matter cannot be rendered by June 30, 1963, we find that applicant's present rates, which are designated as Temporary General Metered Service, should be allowed to remain effective for service rendered to and including August 31, 1963.

IT IS ORDERED as follows:

1. Southwest Water Company's rates for Temporary General Metered Service which became effective under authority granted by Decision No. 64486, shall remain effective for service rendered to and including August 31, 1963.
