Decision No. 65914

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application
of PACIFIC GAS AND ELECTRIC
COMPANY for a certificate of
public convenience and necessity
to construct, install, operate
and maintain Unit No. 1, a
nuclear power unit, at its
Bodega Bay Atomic Park.
(Electric)

Application No. 43808

ORDER DENYING PETITION FOR REHEARING

An order granting a certificate for construction of Unit No. 1 at applicant's Bodega Bay Atomic Park was issued on November 8, 1962. (Decision No. 64537, effective November 28, 1962.)

Petitioner's unincorporated predecessor sought rehearing on November 28, 1962. Rehearing was denied on January 2, 1963. (Decision No. 64731.) Petitioner's predecessor thereafter filed petitions alleging violation of the certificate decision and for injunction. (January 15 and 31, 1963.) Petitions for injunction were denied on February 13, 1963. (Decision No. 64913.) Thereafter petitioner filed a petition to reopen the proceeding for further hearing. (May 6, 1963.) Reopening was denied on July 9, 1963. (Decision No. 65701.)

On July 31, 1963 petitioner The Northern California Association to Preserve Bodega Head and Harbor, Inc. filed the present petition for rehearing of the order denying reopening. The Commission having considered said petition and each of its

allegations, and being of the opinion that no good cause has been shown for the granting thereof, IT IS ORDERED that said petition is hereby denied.

Dated at San Francisco, California, this 20th day of August, 1963.
