

Decision No. 66022**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of THE GREYHOUND CORPORATION )  
 for authority to conduct Special Operations )  
 between Buellton and Solvang, Santa Barbara ) Application No. 45704  
 County, over California Highway 150. )

OPINION AND ORDER

The Greyhound Corporation requests authority to operate between Buellton and Solvang over State Highway 150.

It is alleged that applicant, during the past few weeks, has received numerous requests for special tours to the community of Solvang in Santa Barbara County, to commence September 21, 1963; that applicant now possesses all the necessary operating authority to provide the service with the exception of the three miles between Buellton and Solvang.

After consideration the Commission finds that:

1. Public convenience and necessity require the granting of the authority sought.
2. A public hearing is not necessary.

IT IS ORDERED that:

1. A certificate of public convenience and necessity is hereby granted to The Greyhound Corporation, authorizing the establishment and operation of service as a passenger stage corporation, as that term is defined in Section 226 of the Public Utilities Code, for the transportation of passengers, baggage and express between the points and over the routes set forth in Third Revised Page 47, attached hereto, as an extension and enlargement of, consolidation with and subject to all the limitations and restrictions set forth in the

certificate granted by Decision No. 55893 and in particular subject to the provisions set forth in Section 3 of Appendix A thereof.

2. Appendix A of Decision No. 55893 is hereby amended by incorporating Third Revised Page 47 in revision of Second Revised Page 47.

3. In providing service pursuant to the certificate herein granted, applicant shall comply with and observe the following service regulations:

- (a) Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted.
- (b) Within one hundred twenty days after the effective date hereof, applicant shall establish the service herein authorized and file in the Commission's office in triplicate tariffs and timetables satisfactory to the Commission.
- (c) The tariff and timetable filings shall be made effective not earlier than two days after the effective date of this order on not less than two days' notice to the Commission and the public, and the effective date of the tariff and timetable filings shall be concurrent with the establishment of the service herein authorized.
- (d) The tariff and timetable filings made pursuant to this order shall comply with the regulations governing the construction and filing of tariffs and timetables set forth in the Commission's General Orders Nos. 79 and 98.

The effective date of this order shall be the date hereof.

Dated at ~~SEPTEMBER~~ San Francisco, California, this 17<sup>th</sup> day of SEPTEMBER, 1963.
