Application No. 44783  
(Filed August 20, 1962)

C O P I N I O N

Applicant applied for a radial highway common carrier permit. It was granted, conditionally, by Decision No. 66020 issued herein on September 17, 1963. The conditions have not been complied with and, therefore, no permit has been issued. Applicant now seeks to "withdraw" its application.

The conditions in the permit grant had to do with certain underpayments to for-hire carriers. Applicant is placed on notice that its duty to pay lawful minimum rates on any shipments transported on its behalf arises under the Public Utilities Code and the Commission's minimum rate orders issued thereunder, and that violations of such minimum rate orders can subject a shipper to the penalties set forth in the Public Utilities Code, including those imposed by Sections 3802 and 3804 of said code.

IT IS ORDERED that:

1. Decision No. 66020, dated September 17, 1963, in this proceeding is revoked.

2. Application No. 44783 is dismissed.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 26th day of November, 1963.
