By Decision No. 64312, dated September 25, 1962, in this proceeding, Southern Pacific Company was directed to install certain improved crossing protection at the Richmond Avenue crossing in the City of San Jose (Crossing No. E-65.2). By that decision also the City of San Jose was directed to negotiate with the Division of Highways of the State of California to obtain an improved approach grade at said crossing and to reconstruct the approach accordingly. Inspection of said crossing and protective installation
