crease in Rates.)	

FIRST SUPPLEMENTAL ORDER

Following the issuance of Decision No. 66509 on December 20, 1963, under the above-entitled application, a problem to the utility was discovered in its adapting the issuance of bills to the time requirements of the ordering paragraphs and filing of the contingency clause as worded in Appendix B of said order. The problem may be alleviated by changing the earliest filing date for the required tariff revisions from twenty days after December 20, 1963 to December 27, 1963 and providing for review of rate reductions after January 1, 1969.

Good cause appearing; therefore,

IT IS ORDERED as follows:

1. Southern California Gas Company is authorized and directed to file the revised schedule of rates required by ordering paragraph 1 of Decision No. 66509 on December 27, 1963 or within twenty days thereafter upon not less than five days' notice to this Commission and to the public.

2. Appendix B is revised as follows:

- a. Insert after "to" in the next to last line "the earlier of (1) January 1, 1969 or (2)".

b. Add as last sentence "The matter of such rate reductions relating to Article V after January 1, 1969 will be subject to review between the Company and the Commission."

3. In all other respects said Decision No. 66509 shall remain in full force and effect.

The effective date of this order shall be the date hereof.
