Decision No. 67058

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of SAN DIEGO TRANSIT SYSTEM, a corporation, for authority to reroute its ROUTE "S" - STATE COLLEGE line.	}	Application No. 46189 Filed February 10, 1964
--	---	--

OPINION AND ORDER

Applicant requests authority to reroute that portion of a turn-around loop adjacent to San Diego State College, ROUTE "S" - STATE COLLEGE line, between the intersection of Campanile Drive and Hardy Avenue and the intersection of 55th Street and Hardy Avenue, along Hardy Avenue instead of Campanile Drive, Stadium Drive and 55th Street.

Applicant alleges that the route change is necessary because State College authorities closed Stadium Drive between Campanile Drive and 55th Street for the construction of new facilities. No change in fares, schedules or equipment is contemplated. The matter is not controversial. The Commission's staff recommends the rerouting, its report being hereby made a part of the record as Exhibit 1.

The Commission finds that public convenience and necessity require the proposed route change. The application will be granted without public hearing.

IT IS ORDERED that:

1. A certificate of public convenience and necessity is hereby granted to San Diego Transit System, a corporation, authorizing the establishment and operation of service as a "passenger stage operation", as that term is defined in Section 226 of the Public Utilities Code, for the transportation of passengers between the points and over the routes set forth in Fifth Revised Page 17, attached hereto, as an extension and enlargement of, consolidation with and subject to all the limitations and restrictions set forth in the certificate granted by Decision No. 55090, as amended.

2. Appendix A of Decision No. 55090, as amended, is hereby further amended by incorporating therein Fifth Revised Page 17, attached hereto, in revision of Fourth Revised Page 17.

3. In providing service pursuant to the certificate herein granted, applicant shall comply with and observe the following service regulations:

- (a) Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted.
- (b) Within one hundred twenty days after the effective date hereof, applicant shall establish the service herein authorized and file tariffs and timetables, in triplicate, in the Commission's office.
- (c) The tariff and timetable filings shall be made effective not earlier than ten days after the effective date of this order on not less than ten days' notice to the Commission and the public and the effective date of the tariff and timetable filings shall be concurrent with the establishment of the service herein authorized.

- (d) The tariff and timetable filings made pursuant to this order shall comply with the regulations governing the construction and filing of tariffs and timetables set forth in the Commission's General Orders Nos. 79 and 98.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 7th day of APRIL, 1964.
