

Decision No. 67309

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of UNIGAS, INC., a California corporation, under Section 3666 of the Public Utilities Code for Permission to Charge Vehicle Unit Volume Tender Rates on Transportation Performed with Pressurized Equipment.

Application No. 45824
(Filed September 30, 1963)

ORDER OF DISMISSAL

Applicant's counsel, by letter addressed to the Commission dated May 12, 1964, requests that this application be dismissed without prejudice concurrently with the effective date of Decision No. 67154 in Case No. 5436. Said Decision No. 67154 is effective May 18, 1964. The letter states that the relief sought in the instant application is substantially identical to the volume incentive rates for pressurized tank truck service established by said Decision No. 67154, and after the effective date of that decision the relief sought by applicant will become moot.

Therefore, good cause appearing,

IT IS ORDERED that Application No. 45824, filed by Unigas, Inc., is dismissed without prejudice.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 3rd day of June, 1964.
