

ORIGINALDecision No. 67518

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
 AL SCANNAVINO, an individual, doing
 business as AL SCANNAVINO TRUCKING CO.,
 to exclude liquors, vinous, in cases,
 from his common carrier certificate.

Application No. 46642
 (Filed May 18, 1964)

OPINION AND ORDER

By Decision No. 67021 the operating authority of Al Scannavino was amended by excluding therefrom the right to transport wine in cases between Madera County and Los Angeles.

The exclusion was authorized so that applicant could serve a customer of long standing that had recently moved its bottling plant to Madera County. The customer desired to use applicant's service on a permitted basis and in view of the fact that applicant had never previously transported any liquors from Madera County to Los Angeles his certificate was appropriately amended.

Applicant now alleges that the traffic for the same customer includes commodities other than wine in cases, namely champagne, sparkling wine, brandy, grape juice and wine vinegar. For the same reasons as previously stated applicant requests that the exclusion be amended to read "wine or vinous liquors in cases".

Therefore, good cause appearing,

IT IS ORDERED that:

1. Appendix A of Decision No. 52516 is hereby further amended by substituting Third Revised Page 3, attached hereto, in the place of Second Revised Page 3.

2. Within one hundred twenty days after the effective date hereof and on not less than ten days' notice to the Commission and to the public, applicant shall amend his tariffs presently on file with the Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 14th day of July, 1964.
