Case No. 7125

Badger & Schulte, by LeMoyne S. Badger,
for respondent.

John T. Murphy, for the Commission staff.

OPINION AND ORDER

Public hearings were held before Examiner Power at Riverside on November 9 and December 5, 1961. The matter was submitted on December 5, 1961. Decision has been delayed because certain provisions of Minimum Rate Tariff No. 8, which respondent has been accused of violating, were under examination in Case No. 5438.

This investigation related primarily to the accumulation or combination of separate lots of produce into larger lots for rating purposes in a manner not permissible under tariff provisions then applicable. These tariff provisions were subsequently revised "in order to meet the practicalities attendant upon the harvesting, transportation and marketing of fresh fruit and vegetables."

(Decision No. 66586, dated January 7, 1964, in Case No. 5438, Petition for Modification No. 30 and Order Setting Hearing dated October 9, 1962.)

Upon consideration of the particular circumstances here present, the Commission concludes that this investigation should be discontinued.

IT IS ORDERED that Case No. 7125 be, and it is, discontinued.

Dated at San Francisco, California, this 14th day of JULY, 1964.
