Floyd J. Terry, respondent.
Lawrence O. Garcia, for Commission
staff.

O P I N I O N

Public hearing was held before Examiner Porter on April 6, 1962, at San Francisco, on which date the matter was submitted.

This investigation related primarily to the accumulation or combination of separate lots of produce into larger lots for rating purposes in a manner not permissible under tariff provisions then applicable. These tariff provisions were subsequently revised "in order to meet the practicalities attendant upon the harvesting, transportation and marketing of fresh fruit and vegetables." (Decision No. 65586 dated January 7, 1964, in Case No. 5438, Petition for Modification No. 30 and Order Setting Hearing dated October 9, 1962.)

Upon consideration of the particular circumstances here present, the Commission finds that this investigation should be discontinued.

IT IS ORDERED that Case No. 7199 is hereby discontinued.
