By Decision No. 67567, entered today in Case No. 7857, et al., Decision No. 67397 was amended to provide rates in Minimum Rate Tariff No. 14-A for city carriers. In order to avoid duplication of tariff distribution, the former decision also provided that Minimum Rate Tariff No. 5 should be amended by separate order.

2. Tariff publications required to be made by common carriers as a result of the order herein may be made effective not earlier than the third day after the effective date of this order on not less than three days' notice to the Commission and to the public; and the tariff publications which are authorized but not required to be made by common carriers as a result of the order herein may be made

effective not earlier than the third day after the effective date of this order, and may be made effective on not less than three days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff pages ✓ incorporated in this order.

3. Common carriers, in establishing and maintaining the rates authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the rates published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.
