Decision No. 67657

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the Application of)	
Certified Freight Lines, Inc. for)	
an order amending its certificate of)	Application No. 46849
public convenience and necessity to)	
operate as a highway common carrier.)	

O P I N I O N

Certified Freight Lines, Inc., presently engaged as a highway common carrier for the transportation of fruits and vegetables, requests that its operating authority be amended by excluding therefrom the right to transport fresh fruits and vegetables moving to canneries.

It is alleged that the transportation involved is exempt under Minimum Rate Tariff No. 8 and that applicant could better serve its agricultural customers under its permitted authority.

After consideration the Commission finds that the requested authority would not be adverse to the public interest. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Certified Freight Lines, Inc., may discontinue transporting as a highway common carrier fruits and vegetables, fresh or green, in their natural form (not cold pack or frozen), when moving to canneries.

2. Appendix B of Decision No. 62940 is hereby amended by incorporating First Revised Page 1 attached hereto in place of Original Page 1.

3. After the effective date hereof and on not less than 2 days' notice to the Commission and to the public applicant shall amend its tariffs presently on file with this Commission to reflect the authority herein granted.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 14th day of AUGUST, 1964.
