Case No. 4540

FIFTH SUPPLEMENTAL ORDER

By Decision No. 66839, dated February 25, 1964, being the Fourth Supplemental Order in the above-entitled matter, this Commission adopted and prescribed for Class C telephone companies under its jurisdiction the Amendment identified in Transmittal Sheet No. VIII-3 relating to Part 33 of the Rules and Regulations of the Federal Communications Commission.

Under date of November 29, 1963, the Federal Communications Commission further amended its prescribed Uniform System of Accounts for Class C Telephone Companies to effect editorial changes therein. This Amendment is identified as the portion of Transmittal Sheet No. VIII-4 relating to Part 33 of the Rules and Regulations of the Federal Communications Commission and was made effective December 7, 1963.

In order to coordinate the accounting and reporting requirements of the Class C telephone companies with those imposed by the Federal Communications Commission, we find said Amendment to be desirable and in the public interest. On the basis of these findings we conclude that this Commission should adopt and prescribe said Amendment. A public hearing is not necessary.

IT IS ORDERED that:

1. The Uniform System of Accounts for Class C Telephone Companies prescribed by the Federal Communications Commission, January 1961 Edition, as adopted and prescribed by the Public Utilities Commission of the State of California by Decision No. 64426, dated October 23, 1962, hereby is further amended in the form and to the extent set forth in the portion of Transmittal Sheet No. VIII-4 relating to Part 33 of the Rules and Regulations of the Federal Communications Commission.

2. The Secretary of the Commission is directed to cause a copy of this decision to be served on each Class C telephone utility operating in this State.

3. This Fifth Supplemental Order shall become effective twenty days after such service.
