Decision No. 67822

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation
on the Commission's Own Motion of
the Adoption of the Amendments to
the Uniform System of Accounts for
Telephone Companies prescribed by
the Federal Communications
Commission.

Case No. 4923

SIXTH SUPPLEMENTAL ORDER

By Decision No. 66840, dated February 25, 1964, being the Fifth Supplemental Order in the above-entitled matter, this Commission adopted and prescribed for Class A and Class B telephone companies under its jurisdiction the Amendment identified in Transmittal Sheet No. VIII-3 relating to Part 31 of the Rules and Regulations of the Federal Communications Commission.

Under date of November 29, 1963, the Federal Communications Commission further amended its prescribed Uniform System of Accounts for Class A and Class B Telephone Companies to effect editorial changes therein. This Amendment is identified as the portion of Transmittal Sheet No. VIII-4 relating to Part 31 of the Rules and Regulations of the Federal Communications Commission and was made effective December 7, 1963.

Some of the telephone companies in California operate under the jurisdiction of this Commission and also of the Federal Communications Commission, being engaged in both interstate and intrastate commerce. In order to simplify the accounting and reporting requirements imposed on these telephone companies and also to coordinate the accounting requirements prescribed by this Commission with those imposed by the Federal Communications Commission, we find said Amendment to be desirable and in the public interest. On the basis of these findings, we conclude that this Commission should adopt and prescribe said Amendment. A public hearing is not necessary.

IT IS ORDERED that:

1. The Uniform System of Accounts for Class A and Class B Telephone Companies prescribed by the Federal Communications Commission, January 1961 Edition, as adopted and prescribed by the Public Utilities Commission of the State of California by Decision No. 64279, dated September 19, 1962, hereby is further amended in the form and to the extent set forth in the portion of Transmittal Sheet No. VIII-4 relating to Part 31 of the Rules and Regulations of the Federal Communications Commission.

2. The Secretary of the Commission is directed to cause a copy of this decision to be served on each Class A and Class B telephone utility operating in this State.

3. This Sixth Supplemental Order shall become effective twenty days after such service.

Dated at San Francisco, California, this 15th day of SEPTEMBER, 1964.
