

ORIGINALDecision No. 68029

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of
 FORTIER TRANSPORTATION COMPANY, a
 corporation, for an amendment to
 its certificate of public convenience
 and necessity for the purpose of more
 accurately identifying certain points
 already included in said certificate.

Application No. 46963
 (Filed September 10, 1964)

O P I N I O N

By Decision No. 60456 dated July 28, 1960, in Application No 41201, Fortier Transportation Company was granted a certificate of public convenience and necessity authorizing service as a highway common carrier between various specified points including Camp Cooke. Applicant requests that its operating authority be amended so that service to Camp Cooke would also include service to Vandenberg Air Force Base and Point Arguello U. S. Navy facility.

It is alleged that the military designate the installations located on Camp Cooke as "Vandenberg Air Force Base" and "Point Arguello U. S. Navy facility" and clarification of applicant's certificate would cause its scope to be more readily understood by users and by potential users of its service.

After consideration the Commission finds that public convenience and necessity require the granting of the application. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Appendix A of Decision No. 60456 in Application No. 41201 is hereby amended by incorporating therein First Revised Page 4, attached hereto, in revision of Original Page 4.

2. Within one hundred twenty days after the effective date hereof and on not less than ten days notice to the Commission and to the public applicant shall amend its tariffs presently on file with this Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 13th day of October, 1964.
