

A loss of \$2,057.02 for the period of January 16, 1964 to July 31, 1964, was experienced and said loss is seriously jeopardizing the service operated along the regular route via Gilman Hot Springs and San Jacinto, which service operates at a small net profit.

The Commission finds that public convenience and necessity no longer require applicant's alternate route passenger stage service between Riverside and Hemet via Perris and Sun City.

The application will be granted. A public hearing is not necessary.
