BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the Application)
of Southern California Water)
Company for further order of)
this Commission as required by)
Decision No. 66256.)

Application No. 47104
(Filed November 12, 1964)

OPINION AND ORDER

By Decision No. 66256, dated November 5, 1963, in Application No. 45238, Southern California Water Company (applicant) was authorized to provide service to approximately 1,710 acres of land in Simi Valley, Ventura County, California, with the proviso that it could not extend service to that portion of the certificated area east of Sycamore Road without further order of the Commission.

By Decision No. 66602, dated January 14, 1964, and by Decision No. 68018, dated October 13, 1964, applicant was authorized to extend service to parcels of land containing a total of approximately 402 acres and located east of Sycamore Road in its certificated area.

Applicant hereby requests authority to extend service to contiguous territory south of the area authorized by Decision No. 68018, supra, but in its certificated area. The requested area contains approximately 73.3 acres in which there are 263 single-family residential lots and one commercial lot. Applicant alleges that said area is presently being developed; that it has

entered into preliminary contracts for extension of facilities for service thereto; that all extensions will be made in conformity with its filed rules and regulations; and that the rates for water service will be those specified in Decision No. 66256, supra.

By said Decision No. 66256, the Commission found that applicant has the public utility capability to provide, and that public convenience and necessity require that it extend service to the certificated area but that the developer's plans for the eastern portion of the area were not firm. The area referred to in this application is in the area withheld from service by Decision No. 66256.

Upon the allegations of the application herein we find that the restriction should be removed as to the territory hereinafter described, and that a public hearing is not necessary.

IT IS HEREBY ORDERED that applicant is authorized to extend service to that area in Simi Valley, Ventura County, bounded and described as follows:

Commencing at the center lines of Pepper Tree Lane and Cochrane Street; thence southerly 2,642 feet along Pepper Tree Lane to its intersection with the center line of Los Angeles Avenue; thence westerly along the center line of Los Angeles Avenue parallel to Cochrane Street 1,320 feet; thence northerly along a line parallel to Pepper Tree Lane and 1,320 feet west thereof, 2,642 feet to the intersection of the center line of Cochrane Street; thence

easterly along the center line of Cochrane Street and applicant's existing certificated area to the point of beginning.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 5th day of JANUARY, 1965.
