Decision No. 68456

In the Matter of the Application of: )

portion of its certificate of public )  
convenience and necessity. )

Application No. 47155  
(Filed December 1, 1964)

O P I N I O N

Imperial Truck Lines, Inc., requests that its operating authority as a highway common carrier be amended by deleting therefrom authority to transport newspapers, newspaper supplements, and sections or inserts (not waste or scrap).

Applicant is presently authorized to transport general commodities between points and places in the Los Angeles Basin Territory and the Imperial Valley, Coachella Valley and San Diego areas.

Applicant alleges that it now transports newspapers, supplements and inserts for the account of a single shipper; such transportation is exempt from the minimum rates and as a result permitted carriers have a greater flexibility in adjusting rates and charges; and applicant and his shipper desire to handle this transportation on a contract basis.

After consideration the Commission finds that it would not be adverse to the public interest to authorize the relief sought and therefore the application should be granted. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Imperial Truck Lines, Inc., is hereby authorized to discontinue the transportation of newspapers, newspaper supplements and sections or inserts (not waste or scrap).

2. Appendix A of Decision No. 60235 dated June 6, 1960 is hereby amended by incorporating First Revised Page 3 attached hereto and made a part hereof.

3. After the effective date hereof and on not less than five days' notice to the Commission and to the public applicant shall amend its tariffs presently on file with the Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 12<sup>th</sup> day of JANUARY, 1965.
