Case No. 5432  
(Petition for Modification  
No. 364)  
(Filed November 24, 1964)

OPINION AND ORDER

Yreka Western Railroad Company, a corporation, operates as a highway common carrier of general commodities between Montague, Yreka and Etna and intermediate points, and between Yreka and Orleans and intermediate points.<sup>1</sup> By Decision No. 66626, dated January 14, 1964, in Case No. 5432 (Petition for Modification No. 316), it was authorized to publish minimum per-shipment charges lower than those otherwise applicable. The authorized charges are published to expire February 5, 1965. By this petition, it seeks authority to continue the current authority for a further one-year period.

Petitioner has heretofore shown that the conditions surrounding the transportation involved are not generally applicable to other regions of the State; that it has always been subject to

severe proprietary competition for the traffic involved; that minimum charges higher than those proposed would divert traffic and cause petitioner to realize less net revenue than it would receive at the lesser charges herein sought to be established; and that the diversion of minimum shipments from its lines would prejudice its ability to continue to provide service.

Petitioner now states that the circumstances which required granting of the current authority have continued to exist and now exist and require that the existing charges be continued for another year. Petitioner further states that the sought charges are reasonable charges as applied to its traffic.

The certificate of service shows that a copy of the petition was mailed to California Trucking Association on November 23, 1964. No objection to its being granted has been received.

In the circumstances, it appears, and the Commission finds, that the proposed charges are reasonable and justified by transportation conditions. A public hearing is not necessary. The petition should be granted. In view of the impending expiration date of the current authority, the order which follows will be made effective on the date hereof.

IT IS ORDERED that Yreka Western Railroad Company is hereby authorized to establish, on not less than five days' notice to the Commission and to the public, to expire with February 5, 1966, the following minimum charges for its highway common carrier operations:
