Decision No. 68544

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation to establish rules and procedures to facilitate administration of 1957 Amendment to Vehicle Code Sections 576 and 576.5 relating to requirement that certain motor vehicles must stop at railway grade crossings.

Case No. 5979

EIGHTH SUPPLEMENTAL ORDER

The Commission's order of its Decision No. 58885, dated August 18, 1959, in the above entitled case deals with the matter of the 1957 Amendment to Vehicle Code Sections 576 and 576.5 (since codified as Section 22452) relating to the requirement for stops by certain motor vehicles at industrial or spur track railway crossings. The order, among other things, revoked the decisions by which certain crossings listed therein had been authorized as "exempt", and also prescribed a list of industrial or spur track crossings at which the installation of "exempt" signs is required, designated as Appendix B attached thereto and made a part thereof.

By Decision No. 59758 in the First Supplemental Order dated March 8, 1960, by Decision No. 62372 in the Fourth Supplemental Order dated August 1, 1961, by Decision No. 64194 in the Fifth Supplemental Order dated September 4, 1962, by Decision No. 65800 in the Sixth Supplemental Order dated July 30, 1963, and by Decision No. 67268 in the Seventh Supplemental Order dated May 26, 1964, certain changes, corrections, deletions and additions were made in the Commission's Decision No. 58885. It has now developed that certain other changes, corrections, deletions and additions should be made in this order; therefore,

Good cause appearing IT IS HEREBY ORDERED that the following changes, corrections, deletions and additions to the order set out in Appendix B attached be made a part of Decision No. 58885. In all other respects Decisions Nos. 58885, 59758, 62372, 64194, 65800 and 67268 are in full force and effect, except as heretofore modified.

The Secretary shall cause a copy of this order to be served by mail upon each and every railroad, passenger stage corporation, petroleum irregular route carrier, petroleum contract carrier and highway common carrier having authority to transport petroleum products in bulk in tank vehicles, subject to the jurisdiction of this Commission.

The effective date of this order shall be five days after the date hereof.

Dated at San Francisco, California, this 3rd day of FEBRUARY, 1965.
