Decision No. 69482

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of YEREA BUENA WATER COMPANY, a corporation, for an order authorizing it to extend its service area, to accept from a subdivider the improvements to be installed in said extended area, and for incorporation of said improvements into applicant's rate base.

Application No. 39469

FOURTH SUPPLEMENTAL ORDER

Ordering paragraph (3) of Decision No. 59493, dated January 12, 1960, provides that Yerba Buena Water Company shall not extend its water system or water service outside its certificated area without further order of this Commission.

By letter dated July 6, 1965, the utility has requested authority to render temporary service to the Crippled Children's Society summer camp, which is adjacent to the certificated area, until September 10, 1965. The utility alleges that such service would not impose demands exceeding the requirements of the expected maximum development of its certificated area. However, service to the camp would be terminated upon any indication of shortage of water supply.

The Commission finds that such temporary service would not be adverse to the public interest and concludes that the request should be granted. Therefore,

IT IS ORDERED that Yerba Buena Water Company is authorized to render water service to the Crippled Children's Society summer camp until September 10, 1965, provided, however, that such service shall be subject to immediate termination in the event of a shortage in its water supply.

In all other respects, Decision No. 59493, as modified by Decision No. 61403 and Decision No. 61681, shall remain in full force and effect.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 3rd day of August, 1965.
