Case No. 5437

Petition No. 48,
Filed December 22, 1958

Order Setting Hearing,
Dated March 24, 1959

SUPPLEMENTAL OPINION AND ORDER

By Decision No. 69469, dated July 27, 1965, in the above proceeding, Directory 1 was established to provide for descriptions of production areas and delivery zones and rules governing such descriptions applicable in connection with Minimum Rate Tariff 17 for the transportation of rock, sand and gravel in southern California. It has come to the Commission's attention that a small area located in Los Angeles County was inadvertently omitted from a delivery zone description in the Directory. The necessary correction will be made by the order herein.

IT IS ORDERED that:

1. Directory 1 (Appendix A of Decision No. 69469) is amended by incorporating therein to become effective November 1, 1965, First Revised Page 89 and First Revised Page 90 attached hereto and by this reference made a part hereof.

2. In all other respects, Decision No. 69469 shall remain in full force and effect.

This order shall become effective on the date hereof.
