

ORIGINALDecision No. 70124

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
 ENCINAL TERMINALS, a corporation,)
 for an order amending its certifi-)
 cate of public convenience and)
 necessity as a highway common car-)
 rier so as to exclude the transpor-)
 tation of Aluminum Electric Cable,)
 with or without steel core.)

Application No. 47974
 Filed October 15, 1965

O P I N I O N

Encinal Terminals requests that its certificated authority as a highway common carrier be amended by excluding therefrom the right to transport shipments of Aluminum Electric Cable, with or without steel core.

It is alleged that the transportation of the commodity herein considered requires specialized equipment and handling; applicant transports the commodity for Kaiser Aluminum & Chemical Corporation only; because of the nature of the commodity it is difficult, if not impossible, to publish a tariff rate in cents per 100 pounds; and the exclusion of said commodity would permit applicant to be competitive with permitted carriers.

After consideration the Commission finds that the requested authority would not be adverse to the public interest. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Appendix A of Decision No. 60547, dated August 9, 1960, is hereby further amended by incorporating therein Second Revised Page 2 attached hereto in place of First Revised Page 2.

2. Within one hundred twenty days after the effective date hereof and on not less than ten days' notice to the Commission and to the public applicant shall amend its tariff presently on file with this Commission to reflect the authority herein granted.

The effective date of the order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 21st day of December, 1965.

Frederick B. Holdhoff
President

George H. Trover

William A. Bennett
Commissioners

Applicant shall not transport any shipments of:

- a. Uncrated used household goods and personal effects.
- b. Petroleum products in bulk in tank vessels.
- c. Livestock.
- d. Commodities of unusual value.
- e. Fresh or green fruits or fresh or green vegetables from fields or point of growth consigned to cold storage plants, precooling plants, canneries, accumulation stations, packing sheds, packing houses or other processing facilities.

For the purpose of subparagraph e above, the following definitions will apply:

- (1) Cold Storage Plant: Facilities maintained for the storage of commodities under refrigeration.
 - (2) Precooling Plant: Facilities maintained for the purpose of precooling commodities for shipment under refrigeration.
 - (3) Cannery: Facilities maintained for the processing of commodities at which the commodities are canned, preserved, dried, frozen, pickled, brined, or otherwise processed into manufactured products.
 - (4) Accumulation Station: Yards or open areas maintained for the receiving of unprocessed commodities from the field, and accumulation and consolidation of such commodities for shipment to a cannery, winery, cold storage plant or precooling plant.
 - (5) Packing Shed or Packing Plant: Facilities maintained for assembling, sorting, grading, or packing the commodity for shipment.
- f. Metal cans or can tops, bottoms or ends.
 - g. Aluminum electric cable, with or without steel core.

End of Appendix A

Issued by California Public Utilities Commission.
