Application No. 47764
 (Filed July 22, 1965)

ORDER OF DISMISSAL

A public hearing was held on this application on October 28, 1965, before Examiner Thompson at Santa Rosa. At that hearing it developed that applicant desired to conduct operations different from those originally contemplated at the time of the filing of the application. It also appeared that the new proposal of applicant would require him to negotiate with the City of Santa Rosa.

The presiding officer granted applicant leave to amend his application within ninety days from the hearing date so as to set forth a description of the proposed operations, and continued the matter to a date to be set.

On January 27, 1966, in a telephone conversation with the examiner, applicant stated that negotiations thus far with the City of Santa Rosa have not been successful and that he is not at this time able to describe with particularity the operations he proposes to conduct. He requested that this application be dismissed without prejudice.

Therefore,

IT IS ORDERED that the above-entitled application is dismissed without prejudice.

Dated at San Francisco, California, this 1st day of MARCH, 1966.
