BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

 tion, for revocation of its operat-)

Application No. 48491
 Filed May 23, 1966

O P I N I O N

By Decision No. 70643, dated May 3, 1966, in Application No. 48428, the Commission revoked, at applicant's request, all of its operating authority except for one route, McClellan Air Force Base to Sacramento. That decision restated applicant's operating authority accordingly. Concurrently with the discontinuance of service by applicant, Transit Authority of the City of Sacramento established service over the routes which applicant had been authorized to abandon.

At the time Decision No. 70643 was issued, applicant had an application pending with the Interstate Commerce Commission (No. MC-127521) requesting authority to operate between McClellan and Sacramento. The ICC examiner has recommended denial and Suburban has decided not to file exceptions to the examiner's report. As a result the report will automatically become the order of that commission. Pursuant to a contract with the Transit Authority applicant had agreed to discontinue service on McClellan-Sacramento if it were unsuccessful in obtaining the interstate rights.

Applicant now seeks this Commission's authorization to abandon service and the revocation of the certificate granted by Decision No. 70643. This application, No. 48491, recites that the

Transit Authority is presently operating between McClellan and Sacramento so that discontinuance of applicant's service will not inconvenience the public.

The request of applicant appears reasonable and will be granted.

The Commission finds that public convenience and necessity no longer require the services of applicant between Sacramento and McClellan Air Force Base.

The Commission concludes that the application should be granted. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. On or before August 31, 1966 and on not less than ten days' notice to the Commission and the public, Suburban Transit Lines, a corporation, may discontinue passenger stage service between Sacramento and McClellan Air Force Base.
2. All tariffs and timetables presently on file with this Commission in applicant's name are canceled.
3. The operative rights created by Decision No. 70643, dated May 3, 1966, in Application No. 48428, are revoked.

The effective date of this order shall be twenty days after the date hereof.

Dated San Francisco, California, this 26th day of JULY, 1966.
