SUPPLEMENTAL OPINION AND ORDER

By Decision No. 71337 issued today, the Commission found that revisions should be made in various minimum rate tariffs in connection with the transportation of houses. The decision also provided that, in order to avoid duplication of tariff distribution, Minimum Rate Tariff No. 5 should be amended by separate order.

IT IS ORDERED that:

1. Minimum Rate Tariff No. 5 (Appendix A of Decision No. 32504, as amended) is further amended by incorporating therein, to become effective November 12, 1966, Fourth Revised Page No. 13-A, attached hereto and by this reference made a part hereof.

2. Tariff publications authorized to be made by common carriers as a result of the order herein may be made effective not earlier than the fifth day after the effective date of this order, and may be made effective on not less than five days' notice to the Commission and to the public if filed not later than sixty days after the effective date of the minimum rate tariff page incorporated in this order.

3. Common carriers, in establishing and maintaining the change authorized hereinabove, are hereby authorized to depart from the provisions of Section 460 of the Public Utilities Code to the extent necessary to adjust long- and short-haul departures now maintained under outstanding authorizations; such outstanding authorizations are hereby modified only to the extent necessary to comply with this order; and schedules containing the change published under this authority shall make reference to the prior orders authorizing long- and short-haul departures and to this order.

4. In all other respects Decision No. 32504, as amended, shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 28th day of SEPTEMBER, 1966.
