ORDER SETTING HEARING

The Transportation Division staff, pursuant to Decision No. 68588 of February 9, 1965, has prepared exhibits proposing adjustments of Distance Table No. 5 designed to reflect significant changes in highway and other conditions and to improve and update the distance table in other respects. On the recommendation of the Commission's Transportation Division Staff, the Commission issued its Order Setting Hearing dated July 19, 1966, in Case No. 7024, for the receipt of evidence concerning the adjustments that may be appropriate including, but not limited to, revised constructive mileages, the addition of new points and routes, the revision of maps and related matters.

Various minimum rate tariffs published by the Commission are governed by the provisions of the distance table. Therefore, the staff recommends that public hearings in the related minimum rate investigation cases be held concurrently with the hearings in Case No. 7024 for the purpose of determining to what extent the minimum rate tariffs should be modified.

In the circumstances, it appears, and the Commission finds that public convenience and necessity require hearing on less than ten days' notice in connection with the proceedings herein involved.

IT IS ORDERED that hearings in Cases Nos. 5330, 5432, 5433, 5436, 5438, 5439, 5440, 5603, 5604 and 7857 be held concurrently with hearings in Case No. 7024 before Examiner Turpen commencing at San Francisco on October 18, 1966.

Dated at San Francisco, California, this 11<sup>th</sup> day of October, 1966.
