

**ORIGINAL**Decision No. 71604

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of  
 Central Cal Freight Lines, for  
 authority under Section 3666 of  
 the Public Utilities Code to assess  
 and collect transportation charges  
 based on rates lower than the  
 minimum rates heretofore established  
 by the Commission.

Application No. 48516  
 (Filed May 27, 1966)

OPINION AND ORDER

By this application Central Cal Freight Lines, a corporation, seeks authority to transport glass between the present and future warehouses of American Warehouse Company (American) both located in a defined metropolitan Fresno area, on the one hand, and the plant of Pittsburgh Plate Glass Company (Pittsburgh) located outside such area, on the other hand, at a less-than-minimum rate of 6 cents per 100 pounds, minimum weight 45,000 pounds. By Decision No. 71005, dated July 19, 1966, applicant was granted temporary authority pending a public hearing.

Decision No. 71322, dated September 27, 1966, in Case No. 5432, Petition for Modification No. 432, amended Minimum Rate Tariff No. 2 to include Pittsburgh's plant within the defined metropolitan Fresno area. Accordingly, the transportation involved here is no longer subject to the minimum rates that were involved, and the sought authority is not necessary.

The authority granted by Decision No. 71005 will be canceled and the application dismissed.

IT IS ORDERED that:

1. The authority granted by Decision No. 71005, dated July 19, 1966, in this proceeding, is canceled.
2. Application No. 48516 is dismissed.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 29<sup>th</sup> day of NOVEMBER, 1966.
