Decision No. 71942

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
FREDERICK THOMAS JEWETT, an individual,
doing business as MERCURY PARCEL &
DRAYAGE SERVICE, for an order amending
his certificate of public convenience
and necessity as a highway common
carrier so as to exclude the trans-
portation of certain paper articles.

Application No. 49049
(Filed December 22, 1966)

O P I N I O N

Frederick Thomas Jewett, doing business as Mercury Parcel & Drayage Service, requests that his certificated authority be amended by excluding therefrom the right to transport certain paper products.

It is alleged that for the past several years applicant transported paper products for Paterson Pacific Parchment Co.; the transportation of these products requires special equipment and special handling in loading and unloading; said company now requests applicant to transport such products to points outside of his certificated area; on shipments destined to points within and without the scope of his certificated area applicant will not be able to provide his customer with the more favorable split delivery rates unless the authority herein requested is granted.

After consideration, the Commission finds that the requested authority would not be adverse to the public interest. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Appendix A of Decision No. 71100 in Application No. 48488 is hereby amended by incorporating therein First Revised Page 2 and Original Page 3 attached hereto and made a part hereof, in place of Original Page 2.

2. Within sixty days after the effective date hereof and on not less than five days' notice to the Commission and to the public, applicant shall amend his tariffs presently on file with the Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 31st day of JANUARY, 1967.
