Application No. 49063  
(Filed December 30, 1966)

O P I N I O N

Greyhound Lines, Inc. requests authority to adopt segments of Cypress Street and West Grand Avenue as a new Route No. UR-7.12 in Urban Route Group UR-7, Oakland, Alameda County.

It is alleged that many side-swipe accidents have occurred when buses are negotiating right-hand turns in operating to and from applicant's depots and the proposed amendment is part of a safety program to substitute left-hand turns for right-hand turns wherever reasonably possible.

After consideration, the Commission finds that public convenience and necessity require the granting of the application. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity is hereby granted to Greyhound Lines, Inc., authorizing the establishment and operation of service as a passenger stage corporation, as that term is defined in Section 226 of the Public Utilities Code, for the transportation of passengers, baggage and express between the points and over the routes set forth in Fourth Revised Page 73, attached

hereto and made a part hereof, as an extension and enlargement of and consolidation with, and subject to all the limitations and restrictions set forth in, the certificate granted by Decision No. 55893 and in particular subject to the provisions set forth in Section 3 of Appendix A thereof.

2. Appendix A of Decision No. 55893 as heretofore amended is hereby further amended by incorporating therein Fourth Revised Page 73 in revision of Third Revised Page 73.

3. In providing service pursuant to the certificate herein granted, applicant shall comply with and observe the following service regulations:

- (a) Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted.
- (b) Within one hundred twenty days after the effective date hereof, applicant shall establish the service herein authorized and file tariffs and timetables, in triplicate, in the Commission's office.
- (c) The tariff and timetable filings shall be made effective not earlier than ten days after the effective date of this order on not less than ten days' notice to the Commission and the public, and the effective date of the tariff and timetable filings shall be concurrent with the establishment of the service herein authorized.

- (d) The tariff and timetable filings made pursuant to this order shall comply with the regulations governing the construction and filing of tariffs and timetables set forth in the Commission's General Orders Nos. 79 and 98-A.

The effective date of this order shall be twenty days after the date hereof.
