Minimum Rate Tariff No. 17).)	

SUPPLEMENTAL OPINION AND ORDER

By Decision No. 71151, dated August 16, 1966, in this proceeding, additional zone rates were established in Minimum Rate Tariff 17 for the transportation of rock, sand and aggregates from Production Area 30-G in Orange County to various Los Angeles, Riverside, San Bernardino and San Diego County delivery zones based on information that was available at that time.

Information necessary to develop rates to some specific zones in Riverside and San Bernardino Counties was not available at the time the above decision was issued and it was concluded that the matter would be kept open until such information was obtained.

The necessary information has been obtained. Preparation of these additional zone rates has been completed. The tariff pages containing these rates are ready for distribution. Such distribution will be accomplished by the order herein.

In the circumstances, it appears, and the Commission finds, that the revisions established by the order herein are reasonable, and that the resulting minimum rates will be just, reasonable and nondiscriminatory minimum rates for the transportation of rock, sand and gravel in dump trucks from Orange County Production

Area 30-G to various Riverside and San Bernardino County delivery zones. A public hearing is not necessary. The Commission concludes that the additional rates to the remaining zones should be established.

IT IS ORDERED that:

1. Minimum Rate Tariff 17 (Appendix "B" of Decision No. 69469, as amended) is hereby further amended by incorporating therein, to become effective May 13, 1967, the revised pages attached hereto and listed in Appendix A, also attached hereto and by this reference made a part hereof.

2. In all other respects, Decision No. 69469, as amended, shall remain in full force and effect.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 13th day of April, 1967.
