Decision No. 72295

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application
of JACKSON WATER WORKS, INC., a
California corporation, under
Section 454 of the Public Utilities
Code, for authority to increase
rates for water service.

Application No. 48732
(Filed August 23, 1966)

ORDER MODIFYING DECISION NO. 72199

On the assumption that applicant's billing at the new rates authorized in Decision No. 72199, dated March 28, 1967, could most conveniently be made effective on the first day of the month, Paragraph 1.a. of the order in that decision permitted the new rates to go into effect on May 1, 1967. Applicant has advised the Commission by letter that its billing cycle ends a few days prior to the first of the month.

Good cause appearing,

IT IS ORDERED that the effective date set forth in Paragraph 1.a. of Decision No. 72199, for the revised rate schedules authorized by that paragraph, is hereby revised to April 24, 1967, and the expiration date of Rate Schedule 1X, Temporary General Metered Service, is hereby revised to June 24, 1968.

The effective date of this order is the date hereof.

Dated at San Francisco, California, this 11th
day of APRIL, 1967.
