Application No. 48227

SUPPLEMENTAL OPINION AND ORDER

This supplemental opinion and order is concerned with the application by Cloverdale Gas Company, a corporation, for a certificate of public convenience and necessity authorizing the construction of a gas plant in the City of Fort Bragg. In Decision No. 71796, dated December 30, 1966, in this proceeding, the Commission stated that the record made by applicant would not support the granting of a certificate. The Commission authorized applicant to file, on or before March 31, 1967, a petition for further hearing so as to supplement its showing and it has not done so. Under this circumstance the Commission has no alternative other than to deny the application.

IT IS ORDERED that Application No. 48227 is denied.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 2nd day of MAY, 1967.
