Application No. 49220
(Filed March 20, 1967)

OPINION AND ORDER

Temescal Water Company was declared to be a public utility water corporation by Decision No. 59443, dated December 29, 1959, in Case No. 6098. It has since sold its domestic water supply facilities to the City of Corona pursuant to authority granted by Decision No. 67222, dated May 19, 1964, in Application No. 46094. By Decision No. 71028, dated July 26, 1966, in Application No. 47813, Temescal was granted an increase in rates for irrigation service, and now seeks Commission authority to execute a lease agreement with the City of Riverside entered into January 21, 1964, for certain mutual water company shares and other Temescal property. A copy of the agreement is attached to the application as Exhibit 1.

Ordering paragraph No. 5 of Decision No. 71028, supra, directed Temescal to petition the Commission for authorization of the aforesaid agreement within 60 days after the effective date of said decision. The terms and conditions of the agreement were fully dealt with in Application No. 47813, supra.

A financial examiner and hydraulic engineer for the Commission staff have reviewed the application and have submitted a memorandum thereon, which is received as Exhibit No. 2.

A. 49220 - BR /AB **

The instant application has been filed pursuant to Section 351 of the Public Utilities Code and paragraph 5 of Decision No. 71028. We find that a public hearing is not necessary and that granting of the application would not be adverse to the public interest.

It is concluded that the application should be granted, therefore,

IT IS ORDERED that Temescal Water Company is authorized to execute the lease agreement with the City of Riverside entered into January 21, 1964, a copy of which is attached to the application as Exhibit 1.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 16th day of MAY, 1967.
