Case No. 5437

ORDER SETTING HEARING

The Commission's Transportation Division Rate Branch staff has prepared and distributed to interested parties a report concerning the staff's proposal to amend the definition of "Dump Truck Equipment" set forth in Minimum Rate Tariffs Nos. 7 and 17. The scope of the recommendations received from the parties responding is considerably broader than that which is proposed by the staff.

The Transportation Division has recommended that a public hearing be scheduled for the purpose of receiving evidence relative to the utilization of pneumatic hopper trailing equipment and the definition of "Dump Truck Equipment" in connection with the rates and rules set forth in Minimum Rate Tariffs Nos. 7 and 17.

Good cause appearing,

IT IS ORDERED that a hearing in this proceeding on the matters referred to above be held before such Commissioner or Examiner as may be designated at a time and place to be determined.

Dated at San Francisco, California, this 23rd day of May, 1967.
