Decision No. 72578

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application  
of ARTHUR R. ALTNOW, doing business  
as LODI TRUCK SERVICE, for an order  
amending his certificate of public  
convenience and necessity authoriz-  
ing highway common carrier service  
to exclude therefrom transporta-  
tion of shipping, fiberboard or  
pulpboard drums, barrels, pails or  
tubs, other than taper sided. )

Application No. 49319  
Filed April 27, 1967

O P I N I O N

Arthur R. Altnow, doing business as Lodi Truck Service, requests that his certificated authority be amended by excluding therefrom the right to transport fiberboard or pulpboard drums, barrels, pails or tubs, other than taper sided.

It is alleged that the transportation of said products is primarily performed by contract carriers; said commodities are light and bulky and the conditions under which they are transported vary; as a result the charges for transportation also vary; the certificated carrier is placed at a competitive disadvantage; and applicant is presently transporting said commodities and wishes to continue to do so on a competitive basis.

After consideration the Commission finds that granting such request would not be adverse to the public interest. A public hearing is not necessary.

O R D E R

IT IS ORDERED that:

1. Appendix A of Decision No. 60322, in Application No. 41446, is hereby amended by incorporating therein Second Revised Page 2 attached hereto and made a part hereof, in place of First Revised Page 2.

2. Within sixty days after the effective date hereof and on not less than five days' notice to the Commission and to the public, applicant shall amend his tariffs presently on file with the Commission to reflect the authority herein granted.

The effective date of this order shall be twenty days after the date hereof.

Dated at ~~San Francisco~~ \_\_\_\_\_, California, this 9<sup>th</sup> day of June, 1967.
