BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation into the Requirements
for a General Order Providing Rules
Governing Construction of Underground
Electric and Communication Lines in
the State of California.

Case No. 8208

ORDER DENYING PETITION TO SET ASIDE SUBMISSION
AND REOPEN FOR FURTHER HEARING

On April 20, 1967, the San Francisco Bay Area Labor Management Committee for the Electrical Industry, an interested party in this matter, petitioned to set aside the submission of this proceeding and to reopen it for the taking of additional evidence.

On May 3, 1967, the Utility Advisory Committee, an interested party in this matter, filed an answer to the petition.

The Commission has reviewed the petition and each of the assertions contained therein. The Commission, likewise, has reviewed the answer to the petition and the statements contained therein.

We are of the opinion that the evidence proposed to be offered by petitioner does not indicate that it would materially change the facts already adduced in this proceeding. We conclude therefore that the petition should be denied.

ORDER

IT IS ORDERED that the petition of the San Francisco Bay Area Labor Management Committee for the Electrical Industry, filed April 20, 1967, is denied.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 27th day of JUNE 1967.
