

Decision No. 73101

**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of the County Water Company, a California Corporation, for authority to increase its rates for water service and to issue stock.

Application No. 47886  
(Filed September 8, 1965)

SUPPLEMENTAL ORDER

Decision No. 71264, dated September 13, 1966, authorized County Water Company to file temporary schedules of increased rates effective for service rendered on and after October 1, 1966, to and including September 30, 1967. The order included certain requirements, and the opinion stated that if these requirements were satisfactorily complied with by September 30, 1967, the Commission would by further order make such increased rates permanent.

By letter received August 28, 1967, applicant advised this Commission that compliance with all the requirements of that order had been completed; therefore,

IT IS ORDERED that County Water Company is authorized to file with this Commission, after the effective date of this order and in conformance with General Order No. 96-A, the schedules of rates attached to this order as Appendix A, and to make such rates effective for service rendered on and after October 1, 1967. Concurrently with the placing in effect of the rates authorized herein, County Water Company shall withdraw and cancel, by appropriate advice letter, in conformance with General Order No. 96-A, its presently effective tariff schedules SU-1X, CW-1X, and CW-2RX.

The effective date of this order shall be the date hereof.
